

Octopus 8: Life!

This piece is about action! The writhing octopus is strong and energetic, its tentacles pulse back and forth sending out spirals in motion. The spirals represent beautiful, organized chaos while the octopus is associated with adaptability, creativity, intelligence and mystery.

The blue fish points to the octopus. Water is used as a symbol of life, power, wisdom and mystery. It is also referred to as being the tears or sorrow of God.

Octopus 8: Life! Is one my personal favorites! 23k gold leaf (original only) surrounds the octopus, giving it an iconic feel.
